

Product Change Notification

PCN No: 2009-05-19-02

Report Date: June 18, 2009

Subject: GLK24064-16-1U-WB Backlight Resistor

Reason for Change:

The GLK24064-16-1U-WB has gone through a backlight life audit, which yielded to a change in the backlight current limiting resistor used in the display. Because of this change, customers will experience some comparative dimness in the display but can expect longer lasting backlight life.

List of New / Changed Products:

All the following displays (and their variants):

Graphic Displays	
GLK24064-16-1U-WB	
Variants:	
-LV, -V, -VPT, -E	With latest PCB Revision

Product Change:

The value of the (circled) backlight current limiting resistor is now changed from 5.1 Ohms to 7.68 Ohms.

Schedule of Change:

June 18, 2009

Documentation Revision

Revision	Changes	Date	Author
1.0	Initial Release	June 18/09	R Malinis
